Contacts: Fred Krueger (CD); work-(630)840-5516, home-(630)897-2941, email-fkruieger@fnal.gov or fkpampa9@sbcglobal.net. Alan Hahn, work- (630)840-2987, email- ahahn@fnal.gov.

On contest day call (630)849-7298 (cell phone).

IMPORTANT – Due to security issues, all contestants are asked to contact the contest director or assistant, IN ADVANCE, with a list of names of people attending (to include non-competitors). This will facilitate entrance to the site.

Fermilab is located approximately 45 miles West of Chicago. Referencing a Chicago area map will reveal I-88 to be the ideal reference for motorists.

From Chicago, travel west on the Eisenhower (I-290) to I-88. Exit I-88 at Farnsworth Ave. (north). Proceed North past the Butterfield Rd (Rt. 56) intersection. At this intersection, Farnsworth Ave. becomes Kirk Rd. Proceed North on Kirk Rd, approx. 2 miles to Pine St. (the 2nd stop light after Butterfield Rd.). Turn right on Pine St., and proceed to the Fermilab entrance (Pine St.). Proceed on Pine St. to Road A-1 (a boulevard). Turn left on road A-1 and proceed to the next stop sign (Road B). Turn left on Road B, proceed about 1/8 mile, then turn right on Receiving Rd. and proceed to the 2nd stop sign (Batavia Rd.). Turn right on Batavia Rd. and proceed 1/8 mile to flying field (on your left).
